

What sets the Rothe companies apart from the competition?

- A Legacy of Excellence – Safety and Quality Excellence awards from NASA and the Small Business Administration
- Pioneer in External Customer Outreach – Among the first to bring external customers to NASA for utilization of extra facility capabilities such as machine shops and the Neutral Buoyancy Lab (NBL)
- Gold Standards – Registered Professional Engineering firm, ISO 9001:2015 Certified (NOC), ISO/IEC 17025:2017 and ANSI/NCSL Z540.3-2006, ANSI/NCSL Z540-1-1994, AECA and ITAR Registered
- Over 57 years of proven experience delivering quality service, ensuring customer satisfaction
- Innovative, agile, cost-effective strategies to meet customer objectives
- High integrity, with attention to national and global quality and safety standards
- End-to-End integrated program/project lifecycle management with Agile software development

Awards and Registrations

- Professional Engineering Firm, Registration #F-9196
- NASA Group Achievement Awards
- MSFC Small Business Subcontractor Excellence Award
- SBA Administrator's Award for Excellence
- R6Sigma President's Award
- ISO 9001:2015 Certified
- ISO/IEC 17025:2017, ANSI/NCSL Z540.3-2006, and ANSI/NCSL Z540-1-1994 Accreditation
- OSHA Star Voluntary Protection Program Site
- AECA and ITAR Registered

Business Lines

- NASA Johnson Space Center Specialized (Mechanical/Systems) Engineering and Aerospace Manufacturing
- NASA Headquarters Multimedia and Communication
- NASA Headquarters IT Security Training and Documentation
- MDA Cyber Security Engineering and Assessment
- NASA Johnson Space Center and MSFC Facilities and Equipment Maintenance
- NASA Johnson Space Center Computer Engineering and Specialized Software Development
- NASA WFF Non-Human Spaceflight Systems and Eastern Shore Commercial Calibration and Maintenance
- NASA Johnson Space Center Mission Enabling Operations and Program Support
- Launch and Range Service
- NASA Johnson Space Center Mission Training Device Fabrication and Operations Support
- NASA Johnson Space Center Mission Operations Logistics and Administration
- NASA Johnson Space Center Human Spaceflight Calibration and US Commercial Industry Calibration
